Wood Farm, Wood Lane, Stogumber, TA4 3TJ.

Removal of curved single storey extension and erection of two storey extension to south east elevation

Councillors resolved to strongly support the application. Councillors felt that the addition to the building would be more in keeping with existing building than the existing curved structure. The proposed development only increases the footprint slightly whilst achieving extra usable space and the new roof adds to the existing roof sympathetically.

5) Any other business by permission of the Chairman

None

There being no further business, the meeting closed at 9.50

Lawful development certificate for the proposed stationing of a mobile home within residential garden to provide ancillary accommodation.

Councillors resolved to support the application.

There was no reason to object to the proposal as far as the PC members attending could see; the proposed site is in the garden area of the cottage and it is not overlooked from any direction. If the National Park is minded to approve, Councillors hoped that a condition attached to occupation would be restrict it to family use only.
